EAST LEAKE
— ACADEMY —

The KS3 curriculum our students follow helps to develop their mastery of the core skills in English: reading, writing, speaking and listening.

This is achieved through placing a love of literature at the heart of our curriculum. Students will study in detail three core texts a year alongside experiencing a range of complimentary texts and genres.

Developing their knowledge of the key literary traditions and stylistic devices used by writers, supports our students' analytical reading skills and writing ability.

Year 7: Great Expectations, Animal Farm and Shakespeare's Villains

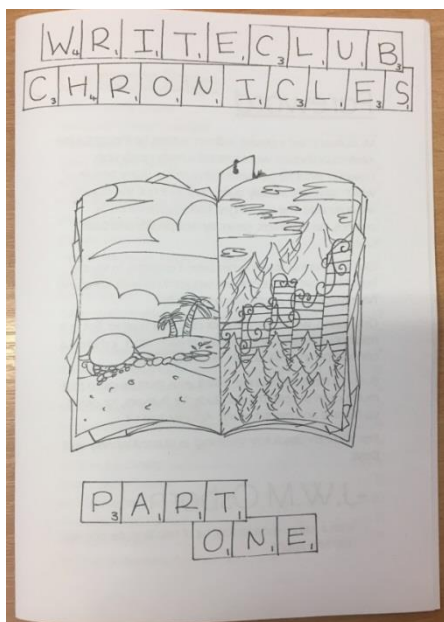

Year 8: Frankenstein, Sherlock Holmes and Noughts and Crosses

Year 9: The Tempest, Of Mice and Men/To Kill a Mockingbird and Short Stories

The weekly reciprocal reading lesson, that is scheduled in the library, encourages reading for pleasure and provides a supportive framework for independent comprehension and analytical reading of appropriate books.
