Year 11  
Subject Evidence Base Summaries

*GCSE and Level 2  
Qualifications 2021*

This booklet contains a summary of the pieces of work that have been assessed for the majority of students that will be used to form the evidence base to inform grading of GCSE and Level 2 qualifications. Where students have missed any of the evidence pieces listed in a subject, the other completed evidence will be used to inform final grading. Where students have made us aware of any mitigating circumstances, any adjustments will not be shown on the mark sheets (these will still show the original mark achieved) but will be reflected in the final grading.
