

# Year 6 Transition Weekly Update – July 9<sup>th</sup> 2021

## Meet the Staff:

**Name:** Miss Roberts

**Job Title:** Art Teacher and Year 9 tutor

**What will I study in year 7 Art?** In Year 7 Art you will start by thinking about the basics of all pieces of artwork; line, tone and colour. Once you have understood the basics, you will begin to look at the way in which different artists work and use inspiration from this to explore and create your own art. We will finish year 7 with a project all about Funky Fish.

**What type of equipment will I use when in an Art lesson?** We use pencils, crayons, paints, collage, pastels, inks and clay.

**Will I need special equipment to complete homework?** You will need to make sure you keep your pencil case stocked up with pencils, crayons, sharpeners and rubbers for the lesson. It is always really useful to have these at home too to be able to complete your homework to the best of your ability.

**Final Message:** Looking forward to welcoming you in September to your art lessons, please bring in any art you do at home to show your teacher!

## Weekly Challenge:

Each week I will be setting you a challenge, if you can complete at home and then ask you to post photos, links, and videos to the Facebook post. We will then look at them and share them with the ELA community.

Friday 9<sup>th</sup> July – With the hope of a Euro final win this weekend for England, and the introduction to the Art faculty, my challenge to you this week is to create a piece of artwork, that shows our support for Gareth Southgate's team. You can use paints, glues, coloured cards or a mixture, be creative.
